By signing this certificate request we confirm that:

- All declarations made in relation to the information contained in the certificate are true and accurate;
- Reasonable measures will be taken to maintain sole control of, keep confidential, and properly protect at all times the Private Key that corresponds to the Public Key to be included in the requested SSL Certificate(s);
- The certificate will be used strictly in compliance with the relevant Darkmatter certificate policy (CP/CPS) and Certificate Holder Agreement;
- The certificate will immediately be declared invalid if the certificate details are no longer correct or the private key is lost, stolen, or potentially compromised; and
- I accept the Darkmatter Certificate Holder Agreement.

AUTHORISED SIGNATORY	
DATE	

(* In the UAE, please provide Trade Registration, Power of Attorney for Authorized Signatory, and Company Stamp on Signature Page)

Appendix 1, Instructions and explanations

Information provided in the Certificate Request (on page 1) are validated and appears in the OV SSL certificate.

Part 1: Applicant Information (this information will be included in the Certificate)

1. Common Name/URL: Provide the fully qualified domain name to be included in the OV Certificate (for example, www.darkmatter.ae or secure.darkmatter.ae). The OV vetting process must determine that the Applicant is either the Registered Holder of the domain, or has been granted exclusive use of the domain by the Registered Holder of the domain name.
2. Organisation Name (Legal Name): Provide the Applicant's formal legal name as recorded with the Incorporating Agency (for private organisations) or as specified in the law (for government entities) of Applicant's Jurisdiction of Incorporation.
3. Applicant Address Details: Provide the street address of the Applicant's Place of Business. This must be a physical address (not a P.O. Box, mail drop, or agent's office) where the Applicant conducts business and that can be verified in public records and/or third party databases.

Technical Contact*

This is the person that has access to the server. The person specified here submit the CSR (Certificate Signing Request) and obtain a Certificate for installation.

Authorised Signatory*

This is a person within the Organisation that has the authority to approve a request on behalf of that Organisation. This person should be a manager, head of department, CEO or similar. This person must sign the completed application.
